S1 Class PTMA Report 2018

A brief report of the class PTMA conducted on 29/09/2018

General class PTMA meeting was conducted on Saturday, 29-09-2018 in the seminar hall at Royal College of Engineering and Technology. Parents of about 150 students attended the meeting. The main agenda of meeting was to discuss the student's performance in their first series test. The meeting was started with a prayer and Mrs. Amrutha M Chemmanoor, HoD of EEE given a warm welcome address.

The meeting was presided over by V P Salim, CEO of RCET spoke few words about the importance of attending PTMA meeting and interactions of parents with tutors and mentors. After the presidential address of CEO, Dr S P Subramanian, Principal of RCET addressed the gathering. He explained about first series exam result, year back system of KTU and the involvement of first year students in strike. He also added, only 20% of boys could pass in all the subjects of first series exam and he advises parents of boys to be more cautious in their academic side. After the informative talk of Principal, Mr Jamal, President of PTMA spoke about the importance of PTMA and the involvement of parents in the college activities. He also added to become aware of unnecessary involvement of first year students in the strike.

Next was an interactive session with the parents. Parents of few students give some good feedback. Mr Sathyanarayanan, parent of Kasinadh (S1 ME), shared his experience. Last year his son chose B.Sc Physics in Bangalore. Due to partiality of teachers he couldn't stick on. So he discontinued from there and this year he chose Mechanical Engineering in RCET. Sathyanarayanan was so happy to say that his son secured second position in his class in the first series test. He added, teachers of RCET are so helpful and motivating. Mr Abdul Khader, parent of Raseel (S1 CE), talked about birthday celebrations conducting in colleges. He was telling, in the name of celebration, students are doing things in the wrong and unethical way. He was then suggested to control such activities. He also added, evening classes must be compulsory criteria for students who are lacking behind their studies.

Then the meeting was concluded with the vote of thanks by Mrs. Asheera L, HoD AS&H. After the general meeting, parents met the respective tutors and subject handling faculties to understand progress of their son/daughter.
